

# T-Reign Standard & Heavy Duty

The USA Made T-Reign Retractable tether keeps electronics such as rangefinders, GPS units, phones and more secure and handy. The light weight zinc alloy Karabiner option attaches to nearly anything and the polycarbonate case with stainless steel retraction spring is built to withstand the elements of the outdoors.

Heavy Duty Retractor with Karabiner (TRG-431)

\*Innovative locking system to keep gear tethered at desired length.

# T-Reign Extra Heavy Duty

Our Gear Tethers have a durable and waterproof polycarbonate case, a smooth Kevlar® cord for extension, and a universal gear attachment that easily secure anything you'd need to quickly access on the course such as tools, flashlights, knives and more. Choose between a metal Karabiner or a hook and loop strap to quickly and easily secure your gear.
